

School of Architecture and Planning		
Digital Media Group		
2009 - 2010 Academic Year Software Load		
Final: July 15, 2009		
<p>Note: This document specifies the standard for all software packages supported by the DMG. Faculty/staff/research systems not possessing these versions of software must request updates to their system in writing or via email. Support and/or problem resolution for non-supported packages will no longer be performed, and updates to new software or operating system versions will no longer be done automatically.</p>
